SUPERVISOR COMMENTS

Our third day of the week continued dayshift trend of being busy for the officers working. Officers spent a lot of their time dealing with suspicious people and suspicious cars that were being called in by residents. Officers responded to a suspicious vehicle in a warehouse district and when they were contacting the occupant, they found him inhaling an intoxicant. He was subsequently arrested for such. As the day went on, a car stop was made on a vehicle that had signs it might have been freshly stolen. While the vehicle turned out not to be stolen, the driver was arrested for an outstanding warrant for felony assault. Officers also responded to several mental health security checks for people who were threatening they might harm themselves.

SUPERVISOR COMMENTS

The shift was steady but not as busy as the past couple days. A weapon offense took up a good portion of the shift. Around 4:30pm it was reported that a male was walking on Walnut Rd near Turlock Jr High holding gun and possibly pointing it at passing cars. Officers flooded the area but did not locate the male. We secured the school and made sure the kids at the afterschool program were safely released to their parents. A few hours later at around 7pm a similar call came in reporting a male walking on Crowell Rd holding gun. Officers flooded the area again but were unable to locate the suspect. Officers worked diligently to identify the suspect and find out where he lived. They located him at his house along with the firearm. He was arrested and booked for possession of the firearm near school grounds and the firearm was seized.
